

✨ Celebrating International Women's Day at ICDT ✨

On this International Women's Day, we want to highlight ICDT's steadfast commitment to women's empowerment. Our partnership-driven approach has not only opened doors to inclusive economic opportunities but has also been pivotal in the economic development of our region.

Thanks to our strategic partnerships, we've been able to implement initiatives that support female entrepreneurs, facilitate their market access, and enhance their professional skills. These efforts contribute to creating a more resilient and inclusive economy, where every woman has the chance to achieve her full potential.

We're proud of our journey so far and remain committed to continuing our work, in collaboration with our partners, towards a society where gender equality is not just aspired to, but achieved.

Join us on this mission. Together, let's drive change forward.
