Closing Session:

14.30-16.00: Countries interventions - Action Plan - Next Steps

The main objective of the last session is to hear first of all feedback from the OIC Member States. A very simple questionnaire will be distributed to all participants well before the session. The participants are required to prepare themselves and provide some information during the session regarding those questions which would be relevant to the facilitation of border crossings and international road transport in their respective countries. The floor will be provided to the countries in alphabetical order. The second part of this session will focus on the next steps. Presentation of the draft action plan, finalization based on countries inputs and closing of the workshop including some final statements.

Chairperson: Representative of IsDB

Scheduled interventions from OIC Member States
