

Productive Breakfast Meeting on the Sidelines of AIM 2025
08 April 2025, Abu Dhabi, State of the United Arab Emirates

Delighted to have hosted a high-level breakfast meeting on the sidelines of the Annual Investment Meeting (AIM 2025), focused on the Investment Facilitation for Development Agreement of the WTO, organized in partnership with the World Economic Forum (WEF).

This engaging discussion brought together representatives from Investment Promotion Agencies (IPAs) and private sector investors, providing a platform to explore the practical implications of the agreement and strategies for enhanced investment cooperation.

Great insights shared on how this agreement can serve as a catalyst for more investments especially in developing and least-developed countries.
